So other than it being just plain good, why come to us? Why not stay home and make a grilled cheese? We all know how to make it; cheese, bread, and butter. It's probably the first thing any of us learned to cook when we were kids. Well I'll tell you why you want come to us:

1 – With a full menu of cheeses, breads, and other stuff out of which we make awesome grilled sandwiches, you can't go wrong.

2 – It's an anecdotally-proven fact that food always tastes better when somebody else makes it, and usually even better if Mom made it. Well if you can't get your mom to make you a grilled cheese right now, we'll be your mom. A couple of bearded dudes in a food cart will be your mom.

3 – You know you don't feel like cooking anyway, especially if you're on your lunch break.

4 – You probably don't have a converted school bus dining room to eat in. Conveniently, we do.

So come by for a taste of your childhood. Unless your childhood sucked, and then we'll let ya share a taste of ours.
